Commodore's Message

**Please RSVP so we can
get a head count for
dinner**

This is officially my last Commodore's Message. Since I do not have a whole lot to report I will make this very short and sweet. The most important thing is that everyone needs to RSVP for the Commodore's Banquet coming up

in just a few short weeks on November 3rd. If you have not received your invitation in the mail please contact me at garthandmichelle@hotmail.com. Please RSVP so we can get a good head count for dinner at The Mill Casino. If you do not RSVP in advance you will have to pay extra at the door. It should be a wonderful night filled with friendship and fun so don't be a dud and show up.

I believe we have had a very productive year at the CBYC.

Thanks to all you "good people" as Steve would say, we accomplished many wonderful projects. We also had a great sailing season and topped it off with a great Labor Day Regatta. Thank you to each and every one of you who helped pitch in and make this year such a great success. I could try and list all of you who have done so much hard work but there are too many of you who make the CBYC what it is, so we will have to go with a big hearty blanket "THANKYOU" to all of you.

Coast Guard Boating Class and Safety Inspections 10-13-2012

US Coast Guard Auxiliary offers a Boating Class and Boat Safety Inspections. The US Coast Guard Auxiliary will conduct an 8 hour boating safety education course on Saturday, October 13, 2012 in Charleston. The course covers the basics of boating safety, rules of the road and Oregon boating laws. A test at the end of the course will qualify boaters for their Boater Education Card, under the Oregon Mandatory Boater Education Program. The Boater Education Card is required for all motorboat operators of all ages for boats over ten horsepower. Additional provisions apply to youths. The cost of the course and materials is \$15. Pre-registration is required. To register for the class, please call (541) 267-6152. The US Coast Guard Auxiliary Flotilla 51 Coos Bay members offer to the boating public a free boat safety inspection. The USCG trained examiners will certify the boat if it

meets Oregon and Federal US Coast Guard boating laws for equipment and will issue a decal certifying compliance. The examiners will also make recommendations for your boat for operation in local waters. The Vessel Safety Check is available by appointment at the owner's location in the Coos Bay, North Bend, Lakeside, and Bandon areas. For additional information and to make arrangements for a vessel inspection please call 541-404-1115. This message is from the Coos Bay U.S. Coast Guard Auxiliary Flotilla 51. (541) 267-6152
