

May 2013

Commodore Carrie O'Bryan

The boats are getting back on the dock, even though numbers have been quite small for the first few races. I even have my first few bruises from sailing this season!

Our dock work party is this Saturday, May 11th. Please show

up in force and help us get these sections fixed up. Breakfast will be served at eight and work starts in earnest at 9 AM. If you can't make it... Don't worry. The following Saturday, May 18th is our regularly scheduled work party.

We have a lot of changes in membership this year, including losing our Measurer and Yacht Yak editor to the wilds of Alaska for a career change. So I'd like to officially welcome our new Measurer, Gordon Gates. And our new Yacht Yak editor, Linda Kridelbaugh. Thank you both so much for stepping up and volunteering this year!

Looking forward to a fun sailing Season!

Regards,

CC O'Bryan

Coos Bay Yacht Club Junior Sailing School

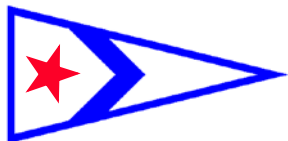

Registration
June 25-29, 2013
For Youths 10 - 18 Years Old

We will be teaching boating and basic water safety, care and rigging of small sailboats, sailing techniques, beginning racing techniques, and basic rules. An end of school race will be held on Saturday, June 29th. Classes are held daily 9:00 AM - 4:30 PM. The Saturday, June 29th race will start at 11:00 AM followed by a free spaghetti feed dinner, awards and ice cream dessert following the final race. All family members welcome.

The Sailing School will consist of several instructional levels of class with a goal of instructing the beginning sailor students with up to three years of previous CBYC Sailing School experience mixed in the same class. Students will sail a Holder Hawk. Past Beginning Sailing students should consider themselves for the advanced class if they are confident of their skills or have completed three summers of beginning sailing. The advanced class for 2013 will consist of a variety of racing formats and practice racing. Advanced students will sail a Laser. Students with more than three years in sailing school are welcomed to assist with instruction of the Beginning Sailing students. Daily attendance for the full week is expected.

1. Students must be able to swim well enough to enable themselves to get back into a capsized boat. A basic swim test is required.
2. All students need a supervising parent or adult CBYC member sponsor present on site who is responsible for entry, information, and supervision during the “on the docks” and “on the water” activities. Any exceptions need to be discussed with the instructor prior to June 14. The sponsor and parent assume all liability for the activities for the student. Parent volunteer instructors or supervisors are needed for specific events.
3. Each student will be required to provide his or her own U.S. Coast Guard approved life jacket with a whistle to wear at all times while on the docks and on the water. Students should bring a swimsuit, change of dry clothing, and a dry towel, which should have personal identification attached. No phones, radios or electronic games please! A “shortie (or full length) wet suit” is recommended for warmth, some are available for loan. Shoes are required to be worn at all times while on the docks. No "free swimming" time is allowed during the lunch break.
5. A \$75 donation per club member or \$120 non-club member with registration for the Sailing School Program is needed to maintain the program. **(CBYC liability insurance premium per student for the 5 days is in excess of \$50)**
6. Class is held rain or shine, only the activities may be modified.
7. Prompt registration **prior to June 14, 2013** is needed to enable proper planning for the Sailing School. Late registration received after June 14, please add \$10.
8. Sailing school logo tee shirts will be provided with registration.
